

## Dangling Spider

### Materials

- paint brushes
- paint
- glue
- scissors
- newspaper
- paper plates
- string
- twist ties

### Directions

- 1) Glue two plates together and let dry (or use one sturdy plate)
- 2) Cut notches around the outside of the plate to hold the web
- 3) Cut two smaller circles out of a plate for your spider
- 4) Cover work area with newspaper and paint the web and two spider circles black
- 5) Paint yellow eyes on one of the spider circles and let dry
- 6) For the web, cut a long piece of string and glue the ends on one side of the notched plate
- 7) Drape the string from notch to notch and around the plate
- 8) Glue twist ties on the bottom of the spider body with eyes to form eight spider legs (bend them to look like legs)
- 9) Glue on the second circle so the legs are sandwiched between circles
- 10) Glue one end of a long string to the spider's edge and glue the other end of the string to the front of the paper plate web
- 11) Glue more string to the top of the web to hang
