

## Egg Carton Spider

### Materials

- an egg carton
- scissors
- black paint
- paint brush
- 4 pipe cleaners
- sharp pencil
- some googly eyes
- glue

### Directions

- 1) Cut one cup from a cardboard egg carton\*
- 2) Use a sharp pencil to poke two holes in each side of the cup\*
- 3) Paint the cup black and let it dry completely
- 4) Thread the four pipe cleaners through the holes to make eight legs
- 5) Bend the pipe cleaners to make them look like legs and trim them if necessary to make them the right length
- 6) Glue on the eyes- remember, most spiders have EIGHT eyes!

\*Adults should help young children with these steps
